2014-2015 Class Schedules
Schedules for next year were distributed to students on June 13th, and an up-to-date copy is included in this mailing. You may find that there are conflicts and some classes that you chose may not have gotten scheduled. You may even find that the schedule with this mailing is very different than the one you received on the 13th. If you do not have courses scheduled for each period (1-8) you need to meet with your counselor to correct this. At the bottom of this section is a schedule of when counselors are available over the summer. To make an appointment, please call Patti Mottarella at 243-2781 ext. 2009. Appointments for Mr. Korte can also be made online at https://dkorte.youcanbook.me/.

Summer Reading
A list of classes that require summer reading and the actual assignments are available at: http://www.leepublicschools.net/schoolcounselors/SummerReading2014.html

It is your responsibility to complete all summer assignments on time and to check and see if your classes have summer requirements. The list on the website will not be finalized until report cards get mailed home. Please check back at that time to see if any of your classes have been added.

Patrick Miller Youth Substance Abuse Program

We would like to inform our school community about a resource available to your child. Once a week, a Substance Abuse Prevention Educator from the Brien Center for Mental Health is placed at Lee Middle and High School. This program is a county-wide service through the Patrick Miller Youth Substance Abuse Program which is an endowment from The Miller Family and a grant from the Berkshire United Way.

In addition to teaching in the classroom, the Brien Educator, is available to meet with students individually. The purpose of individual meetings with the Substance Abuse Prevention Educator is as follows:

- To answer questions a student may have about drugs, alcohol, and addiction
- To assist a student who is struggling with peer pressure
- To educate a student on the effects of drugs and alcohol if he/she is experimenting or using substances
- To screen for more serious problems and assess for referral to formal substance abuse treatment

The educator may see students from 1-5 times and will refer the student to additional intervention services if necessary. If you would like more information or would like to meet with a counselor from the Brien Center, please see Mr. Korte or Mr. Duquette.

“I hope that we fail, often and grandly and, most crucially, I hope that we allow these failures to help us figure out what we want to define us.”

“Often the pursuit of a dream is grueling, often it requires sacrifice, and the pursuit of it is lifelong...not something that is a one-time achievement.”

“...nobody plays a sport just to go to the banquet or rehearses and memorizes for hours on end simply to receive applause...It is the road along the way that makes the end special.”
